

Are you in danger from **RADON** in Hancock County?

Radon is a naturally occurring, radioactive gas.

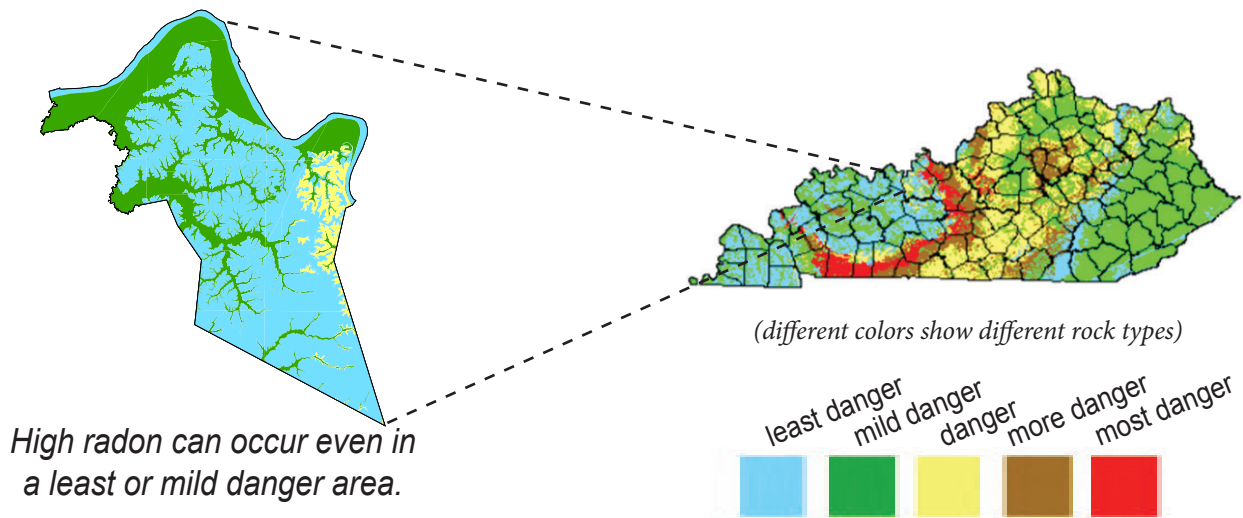

- It cannot be seen, smelled or tasted.
- It may seep into your home from the rocks below.
- It is the second leading cause of lung cancer.

TEST YOUR HOME • KNOW YOUR LEVEL

For a radon test kit, contact the Hancock County Health Department 270-997-8803

Certain types of rock have higher levels of radon:

Radon is a problem in many areas in Kentucky, including Hancock County.

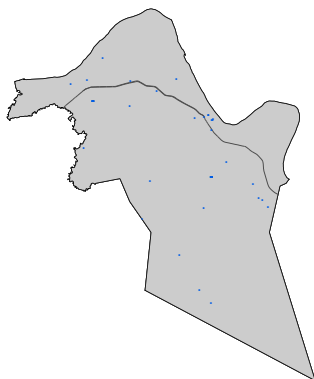

Smoking and radon:

Breathing radon is dangerous, but it is even *more* harmful when you also breathe tobacco smoke.

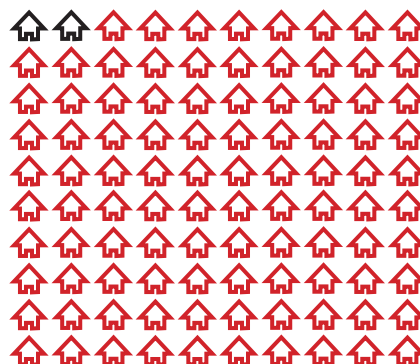

Green River District

Radon Testing:

• Blue dots show homes already tested for radon.

More homes in Hancock County need to be tested.

TEST YOUR HOME • KNOW YOUR LEVEL

For a radon test kit, contact the Hancock County Health Department 270-997-8803
